WHY TRAVEL WITH ASI? While all trips to Israel are incredible and life changing, traveling with ASI has its perks. Since we only bring 50 travelers on each trip, we will be able to maneuver the sites much more easily than the large tourist groups. We will travel together in one bus for a very personal experience, and we will be able to go places and do things that most groups don't get to do, due to Pastor Steve's relationships in Israel. Plus, we stay at breathtaking 5-star hotels. It is an amazing combination of luxury, relaxation, amazing food, and most importantly, experiencing the Holy Land in an intimate setting with incredible teaching. Also, we will be going at an ideal time of year, after all the major holidays in Israel are over, but it is still refreshing Spring weather before it gets so hot. It is the perfect season to visit.

SAFETY: While safety is always a concern, we would never take a group to Israel unless everything was safe to the best of our knowledge. With any travel, there is always risk, but we would never knowingly take anyone into a dangerous situation. If something significant changes with the safety climate in Israel, we will make changes accordingly.

SINGLE TRAVELER ROOMS: If you are traveling without a partner and using a double occupancy room, you will be assigned a room with another single traveler of the same gender.

ACCOMMODATIONS: The first night, April 7, the group will stay at Royal Beach in Tel Aviv- near the airport. Once the group is all there, we will travel to the Scots Hotel for three nights. It is a magnificent 19th century stone structure that overlooks the Sea of Galilee. This hotel offers an amazing buffet style breakfast and dinner in a tucked away stone cellar- it truly feels like you are in the eating quarters of a King. The final hotel is David Citadel for five nights, which is in Jerusalem. It also serves an amazing buffet of delicious fresh food and is more centrally located, so you can go shop around and explore the city if you wish to venture out. It is grand and breathtaking in a whole different way as it overlooks the city of Jerusalem.
